Press Release

About PI Industries Ltd. (PI)

Incorporated in 1947, PI Industries (BSE: 523642, NSE: PIIND, ISIN ID: INE603J01030) focuses on Agri-input and Custom Synthesis with strength of over 1,400 employees, PI Industries currently operates three formulation and two manufacturing facilities as well as five multi-product plants under its three manufacturing locations across Jammu and Gujarat. These state-of-art facilities have integrated process development teams with in-house engineering capabilities. PI Industries is into the following markets:

Domestic Agri-Input

PI is one of India's leading players in the Agri-input industry, primarily dealing in agro-chemicals, specialty fertilizers, plant nutrients and seeds. This venture is the flagship business for which PI enjoys tremendous brand recognition across several industry leading products. The Company has exclusive rights with several global Corporations for distribution in India and is constantly evaluating prospects to further expand its product portfolio. Given the inevitable surge in demand for food grain production in the agriculture sector, the opportunities for Agro-Chem Companies are innumerable. PI Industries is favorably positioned to contribute to the growth in this space by leveraging its long-standing association with business partners and intensive network of distributors across India.

Custom Synthesis Exports

Here PI focuses on Custom Synthesis, which entails dealing in custom synthesis and contract manufacturing of chemicals including techno commercial evaluation of chemical processes, process development, lab & pilot scale up as well as commercial production. The Company has an impressive product portfolio as result of exclusive tie-ups with leading agro-chemical, pharmaceutical and fine chemical companies around the world. PI has made substantial investments in building state of art process research and manufacturing facilities of chemical intermediates and active ingredients with special focus on strong process R&D capabilities. Custom Synthesis is expected to be the primary growth driver with strong revenue visibility for PI as India continues to be a preferred destination for outsourcing Custom Synthesis and contract manufacturing related projects. With exceptional growth opportunities in the offing, this segment is poised for great success. For further information please visit: www.piindustries.com
