**ANLON TECHNOLOGY SOLUTIONS LIMITED SECURES DISTRIBUTION AGREEMENT  
WITH BRIDGEHILL AS, NORWAY**

**Mumbai, August 1, 2024** – **Anlon Technology Solutions Limited (ATSL)** has entered into a distribution agreement with **Bridgehill AS, Norway**, authorizing ATSL to market, distribute, and sell Bridgehill's advanced fire blanket solutions in India. These products, including fire blankets for electric vehicles, industrial applications, and lithium batteries, are designed to quickly and effectively contain and extinguish fires, enhancing overall safety and response efficiency. This agreement specifically targets the firefighting and corporate industries and grants ATSL exclusive rights to serve the airport sector in India.

The collaboration represents a pivotal step for ATSL, expanding its portfolio in fire safety solutions and reinforcing its commitment to providing cutting-edge products to its clients. The agreement remains in effect until it is terminated, ensuring long-term benefits and a strengthened market presence for ATSL in the fire safety domain.

**Bridgehill AS, Norway** is a pioneering company specializing in fire safety solutions. They are renowned for their innovative fire blanket products, which are designed to quickly and effectively contain and extinguish fires. Their range includes fire blankets for electric vehicles, industrial applications, and lithium batteries. Bridgehill's products are recognized for enhancing safety and efficiency in emergency situations, catering to various sectors including automotive, industrial, and corporate.

The global Car Fire Blanket market size was valued at US\$ 18.5 million in 2023 and is forecast to a readjusted size of USD 127 million by 2030 with a CAGR of 31.8% during this period.

The core manufacturers in global Car Fire Blanket market are **Bridgehill**, Darley and Cunningham Covers, etc, accounting for 37% market share. **Bridgehill is the world's largest Car Fire Blanket manufacturer, occupying approximately 13% of the market share.** From the perspective of product type, Reusable accounted for a share of 52% in the global Car Fire Blanket market. In terms of application, Electric Vehicle holds the largest share, accounting for 89% share.

**Message from Mr. Unnikrishnan Nair P M, Managing Director of ATSL:**

We are excited to announce our new distribution agreement with Bridgehill AS, Norway, marking a significant milestone for Anlon Technology Solutions Limited (ATSL). This partnership expands our portfolio to include Bridgehill's innovative fire blanket solutions, designed for electric vehicles, industrial applications, and lithium batteries, enhancing fire safety measures in India.

This agreement not only reinforces our commitment to providing cutting-edge fire safety solutions but also grants us exclusive rights to serve the airport sector in India. Bridgehill's fire blankets are highly efficient in containing and extinguishing fires, aligning with our mission to deliver high-quality, effective safety solutions.

We are confident that this collaboration will bring long-term benefits, strengthening our market presence and advancing fire safety standards across various industries in India. We look forward to the opportunities this partnership will create for enhancing safety and efficiency.
