

Natural Gas Pipelines Network in India - As on 30.06.2021

Details	Length
Total length of Authorized Natural Gas Pipelines	33,764 Km
Total length of Operational Natural Gas Pipelines (including STPL)	20,228 Km
Total length of Under Construction Natural Gas Pipelines (including STPL)	15,146 Km

Note: The variation in the sum of the lengths of Operational and Under Construction Natural Gas Pipelines vis-à-vis the length of the Authorized pipelines are on account of one or more of the following factors:

- i. Variation in As-Built length due to site conditions,
- ii. Additional pipelines laid by the authorized entities for providing connectivity within the tariff corridor in line with the provisions of the NGPL Authorization Regulations,
- iii. Length of the operational and Under Construction pipelines as above includes the available length of Sub-Transmission Pipelines (STPL) owned by CGD entities, etc.

The above operational and under construction length of Natural Gas Pipelines includes the available length of Sub-Transmission Pipelines owned by the CGD entities.

Disclaimer: While every care has been taken to ensure the accuracy of information furnished in this report, Petroleum and Natural Gas Regulatory Board (PNGRB) does not accept responsibility or liability for any eventuality to any one as a result of any action taken arising out of access to, or the use of the information contained in it.

However, PNGRB shall be obliged if errors/ omissions are brought to its notice for carrying out corrections in the next update.
