Dr. Satyanarayana Chava, Founder & Chief Executive Officer commented;

“We made healthy progress to start the year with increasing contributions from CDMO business and continued advancement of pipeline projects, supported by Generic FDF. We are moving ahead with strong focus on commercial execution realizing the full potential from promising pipeline opportunities, business development and rapidly enhancing scale and technology capabilities.

We also commenced construction of various facilities across CDMO, Generics and FDF. Once complete, these facilities will fortify our ongoing commitment of being a high-quality development and manufacturing partner at scale including advanced therapies. We remain confident in our strategic direction and commitment as the source of sustainable value creation now and well into the future.”
