Limited review report on the unaudited quarterly standalone financial results of IDFC FIRST Bank Limited pursuant to Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the quarter ended 30 June 2021

To the Board of Directors of IDFC FIRST Bank Limited

1. We have reviewed the accompanying Statement of Unaudited Standalone Financial Results of IDFC FIRST Bank Limited (the 'Bank') for the quarter ended 30 June 2021 (the 'Statement'), except for the disclosures relating to "Pillar 3 under Basel III Capital Regulations", and those relating to "Leverage Ratio", "Liquidity Coverage Ratio" under Capital Adequacy and Liquidity Standards issued by Reserve Bank of India ('RBI') as have been disclosed on the Bank's website and in respect of which a link has been provided in the Note 6 to the Statement and have not been reviewed by us. This Statement is the responsibility of the Bank's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.
2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of Bank personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. Attention is drawn to the fact that the figures for the three months ended 31 March 2021 as reported in this Statement are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. The figures up to the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters.

Limited review report on the unaudited quarterly standalone financial results of IDFC FIRST Bank Limited pursuant to Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the quarter ended 30 June 2021 (*Continued*)

IDFC FIRST Bank Limited

5. As more fully described in Note 7 to the Statement, the extent to which the COVID-19 pandemic will have an impact on the Bank's financial performance is dependent on future developments, which are highly uncertain.

Our review report is not modified in respect of this matter.

Notes:

- 2 The above financial results of the Bank have been prepared in accordance with the provisions of the Banking Regulation Act, 1949, Generally Accepted Accounting Principles in India, including Accounting Standards as specified under Section 133 of the Companies Act, 2013, Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirement) Regulation, 2015 in so far as they apply to Banks, and the guidelines issued by the RBI. In addition, the Bank has automated its key operations with key applications largely integrated with core banking solution and general ledger system. Accordingly, branch returns are not required to be submitted.
- 3 During the quarter ended June 30, 2021, the Bank raised additional capital aggregating to ₹ 3,000 crore (rounded off) from qualified institutional buyers through issuance of 523103660 equity shares, fully paid-up, at the price of ₹ 57.35/- per equity share (including a premium of ₹ 47.35 per equity share).

- 5 "Other Income" includes non-fund based income such as commission, fees, earnings from foreign exchange and derivative transactions, profit / loss from sale of investments.
- 6 In accordance with the RBI circular DBR.No.BP.BC.1/21.06.201/2015-16 dated July 1, 2015 on 'Basel III Capital Regulations' and the RBI circular DBR.No.BP.BC.80/21/21.06.201/ 2014-15 dated March 31, 2015 on 'Prudential Guidelines on Capital Adequacy and Liquidity Standards Amendments', banks are required to make Pillar 3 disclosures including leverage ratio and liquidity coverage ratio under the Basel III framework. The Bank has made these disclosures on its website at the link : <http://www.idfcfirstbank.com/regulatory-disclosures.html>. These disclosures have not been subjected to audit or limited review by the Statutory Auditors of the Bank.
- 7 Consequent to the outbreak of the COVID-19 pandemic, the Indian government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. During the quarter ended June 30, 2021, India experienced a "second wave" of COVID-19, including a significant surge of COVID-19 cases following the discovery of mutant coronavirus variants in the country. The second wave has started to subside and there has been gradual lifting of lock downs.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activity, which may persist even after the restrictions related to the COVID-19 outbreak are being lifted. While the easing of restrictions has driven a revival in economic activity across sectors, the continued slowdown has impacted lending business, fee income generation from sale of third party products, collection efficiency etc. Further, there may be a rise in the number of customer defaults and consequently an increase in provisions. The extent to which the COVID-19 pandemic, will continue to impact the Bank's operations and asset quality will depend on future developments which are highly uncertain and will depend on many factors such as the trajectory of the pandemic, progress and effectiveness of the vaccination programme, the effectiveness of the current and future steps taken by the Government and the RBI to mitigate the economic impact. The Bank's capital and liquidity position is strong and would continue to be the focus area for the Bank during this period.

During the quarter ended June 30, 2021, the Bank has made additional COVID-19 related provision amounting to ₹ 350.00 crores. The Bank holds cumulative COVID-19 related provision of ₹ 725.00 crores as at June 30, 2021.

Limited review report on unaudited quarterly consolidated financial results of IDFC FIRST Bank Limited pursuant to Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the quarter ended 30 June 2021

To the Board of Directors of IDFC FIRST Bank Limited

1. We have reviewed the accompanying Statement of Unaudited Consolidated Financial Results of IDFC FIRST Bank Limited (the 'Bank' or the 'Parent') and its subsidiary (the Parent and its subsidiary together referred to as the 'Group'), and its share of the net profit / (loss) of its associate for the quarter ended 30 June 2021 (the 'Statement'), being submitted by the Bank pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, except for the disclosures relating to consolidated Pillar 3 disclosure as at 30 June 2021, including leverage ratio and liquidity coverage ratio under Basel III Capital Regulations as have been disclosed on the Bank's website and in respect of which a link has been provided in the Note 3 to the Statement and have not been reviewed by us. Our responsibility is to issue a report on the Statement based on our review.
2. This Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Accounting Standard 25 "Interim Financial Reporting" ('AS 25'), prescribed under Section 133 of the Companies Act, 2013, the relevant provisions of the Banking Regulation Act, 1949, the circulars, guidelines and directions issued by the Reserve Bank of India (RBI) from time to time ('RBI Guidelines') and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements ('SRE') 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. Attention is drawn to the fact that the figures for the three months ended 31 March 2021 as reported in this Statement are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. The figures up to the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.
5. The Statement includes the results of the following entities:
 - Subsidiary: IDFC FIRST Bharat Limited; and
 - Associate: Millennium City Expressways Private Limited
6. Based on our review conducted and procedures performed as stated in paragraph 3 above, and based on the consideration of the review report of the other auditor referred to in paragraph 8 below and based on our assessment of the financial information certified by the management of the associate as stated in paragraph 9 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Accounting Standard, RBI Guidelines and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, except for the disclosures relating to consolidated Pillar 3 disclosure as at 30 June 2021, including leverage ratio and liquidity coverage ratio under Basel III Capital Regulations as have been disclosed on the Bank's website and in respect of which a link has been provided in Note 3 in the Statement and have not been reviewed by us, or that it contains any material misstatement.
7. As more fully described in Note 7 to the Statement, the extent to which the COVID-19 pandemic will have impact on the Bank's financial performance is dependent on future developments, which are highly uncertain.

Our review report is not modified in respect of this matter.

8. We did not review the interim financial results of one subsidiary included in the Statement, whose interim financial results reflect total revenues of Rs. 12,998 lakhs and total net profit after tax of Rs. 888 lakhs for the quarter ended 30 June 2021, as considered in the Statement. - 7 Consequent to the outbreak of the COVID-19 pandemic, the Indian government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. During the quarter ended June 30, 2021, India experienced a "second wave" of COVID-19, including a significant surge of COVID-19 cases following the discovery of mutant coronavirus variants in the country. The second wave has started to subside and there has been gradual lifting of lock downs.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activity, which may persist even after the restrictions related to the COVID-19 outbreak are being lifted. While the easing of restrictions has driven a revival in economic activity across sectors, the continued slowdown has impacted lending business, fee income generation from sale of third party products, collection efficiency etc. Further, there may be a rise in the number of customer defaults and consequently an increase in provisions. The extent to which the COVID-19 pandemic, will continue to impact the Holding Company's operations and asset quality will depend on future developments which are highly uncertain and will depend on many factors such as the trajectory of the pandemic, progress and effectiveness of the vaccination programme, the effectiveness of the current and future steps taken by the Government and the RBI to mitigate the economic impact. The Holding Company's capital and liquidity position is strong and would continue to be the focus area for the Holding Company during this period.

During the quarter ended June 30, 2021, the Holding Company has made additional COVID-19 related provision amounting to ₹ 350.00 crores. The Bank holds cumulative COVID-19 related provision of ₹ 725.00 crores as at June 30, 2021.

- 8 Analytical ratios are part of standalone financial results and are available on the Bank's website (www.idfcfirstbank.com) and on the Stock Exchange websites (www.nseindia.com and www.bseindia.com).
- 9 The above consolidated financial results have been reviewed/audited by the statutory auditors, B S R & Co. LLP, Chartered Accountants.
- 10 The figures for the quarter ended March 31, 2021 are the balancing figures between audited figures in respect of the full financial year and the published year to date figures upto the end of the third quarter of the financial year which was subject to limited review.
- 11 The Group has followed the same significant accounting policies in the preparation of these financial results as those followed in the annual financial statements for the year ended March 31, 2021.

DETAILED NOTE ON BUSINESS & FINANCIAL PERFORMANCE OF THE BANK

Earnings

- **Net Interest Income (NII):** Net Interest Income (NII) grew by 25% YOY to Rs. 2,185 crore, up from Rs. 1,744 crore in Q1 FY21. The sequential Q-o-Q NII grew by 11%.
- **Net Interest Margin (NIM%) (quarterly annualized):** NIM% reached healthy levels at 5.51% in Q1 FY22 from 4.86% in Q1 FY21 and 5.09% in Q4 FY21 as the cost of funds further reduced.
- **Fee and Other Income** (without trading gains) increased 203% YOY to Rs. 449 crore in Q1 FY22 as compared to Rs. 148 crore in Q1-FY21. However, it was lower by 25% on sequential basis, because of lockdowns relating to the COVID second wave.
- **Total Income** (net of Interest Expense) grew 36% YOY at Rs. 3,034 crore for Q1-FY22 as compared to Rs. 2,229 crore for Q1-FY21, driven by the growth in NII and fee income.
- **Core Pre-Provisioning Operating Profit** (excluding the trading gains) grew by 8% YOY basis to reach highest levels ever, at Rs. 601 crore, for the quarter Q1-FY22.
- **Provisions:** The Bank has created additional COVID-19 provisions of Rs. 350 crore during the quarter taking the total COVID-19 provision pool to Rs. 725 crores. The Bank believes that the full estimated impact of COVID wave 2 is now provided for in the books of the Bank.
 - There was no moratorium provided to customers during COVID 2nd wave and thus there was ageing provisions that were required to be taken as per our conservative provisioning norms. The Bank believes that these provisions may not reflect actual economic loss but represent a delay in timing of repayments.
 - We believe cash flow of these customers have got affected due to lockdowns in Covid second wave in Q1-FY22. However, a reasonable proportion among them are likely to pay back their dues when economy normalizes.
 - The Bank has already taken provision of Rs. 1,879 crore during Q1 FY22. Based on the recent portfolio quality indicators (latest cheque bounce trends, collection efficiency, vintage analysis) we expect the provisions to taper off from here for the rest of the year (assuming no Covid third wave).
 - The annualized credit cost for FY22 is expected to be less than 2.5% of average funded assets.
- **Profitability:** As result of the higher provisioning on account of COVID, the net loss for Q1 FY22 was at Rs. 630 crore as compared to Net Profit of Rs. 94 crore in Q1 FY21. The bank expects to collect reasonable proportion of these dues in due course.

- Due to COVID-19 second wave, there were strict lockdowns across the country in April and May 21, and in part of June-21 including in major states like Delhi, Maharashtra, West Bengal, Tamil Nadu, Karnataka. This impacted the operations of the Bank, especially in terms of disbursements and collections as the logistical challenges increased due to lockdowns. At the same time, there was no moratorium, leading to slippages during the quarter.
- The NPA% mentioned above includes one infrastructure loans (Mumbai Toll Road account) which became NPA during the quarter with Rs. 854 crore outstanding, due to the impact on toll collections following COVID-19 second wave.
- This toll road account continued to repay its dues, partially, even during this quarter which was affected by second wave (Q1-FY22), the principal outstanding has come down by Rs. 19 crore during Q1 FY22. The Bank carries Rs. 154 crore provision on this account. This account was already disclosed under the identified stressed asset list.

- The slippage of this account led to an increase in GNPA by Rs. 854 crores, and a corresponding reduction in the Identified Stress Asset List. Bank expects to collect our dues in due course from this entity as this is an operating toll road entity and does not expect any material economic loss on this account.
- Thus, excluding the impact of the said Mumbai based infra Toll road account, the GNPA and NNPA as of June 30, 2021 would have been 3.77% and 1.61% with PCR of 58.22%.
- With this account moving to NPA, the proactively identified Stress Assets pool of the Bank now stands reduced to Rs. 1,371 crore as on June 30, 2021 from Rs. 3,195 crore as on June 30, 2020, a reduction of 57%, for which the Bank holds provision cover of 67%.
- Including the COVID provision of Rs 725 crore as of June 30, 2021, the PCR would improve to 66.40% and without the effect of the Mumbai based road toll account where we expect to collect our dues in due course, it would be 77.23%.
- Further, the Bank has seen improvement in key indicators, like (a) Improving customer profile for on-boarding (b) improving cheque bounce trends of portfolio (c) improving collection efficiencies and improved vintage analysis indicators. Based on the above portfolio analysis of these key indicators, the bank is confident of reducing Gross NPA and NPA to pre-COVID levels and expects to reduce annualized credit costs to less than 2% by Q4 FY22 for the retail loan book.
- The Bank was sensitive to customers affected by COVID during this quarter. Standard restructured outstanding portfolio (under the COVID-19 relief package provided by the RBI) in retail loans was 1.81% of the overall Retail Loan Book as of June 30, 2021. Restructuring for the overall portfolio stood at 2.01% of the total Funded Assets.

Mr. V Vaidyanathan, Managing Director and CEO, IDFC FIRST Bank, said, “Within just two years we have made tremendous progress at the bank. Our CASA ratio is high at 50.86% despite reducing savings account interest rates by 200 bps recently, which points to the trust customers have in our Bank and service levels. Because of our low cost CASA, we can now participate in prime home loans business, which is a large business opportunity.”

“Regarding the loss during the quarter, we have made prudent provisions for COVID second wave, and expect provisions to reduce for the rest of the three quarters in the FY 22. We guide for achieving pre-COVID level Gross and Net NPA, with targeted credit loss of only 2% on our retail book by Q4 FY 22 and onwards, assuming no further lockdowns.”

“Our Core Operating Profits even without treasury operations have reached the highest ever level at Rs. 601 crore. Thus from now on, with reduced expected provisions, the Bank will be well on its path of creating a wonderful profitable franchise.”
