Notable Campaigns

As part of our 6+ year long-term partnership with Amazon, we brought together an iconic duo no one expected: the timeless Zeena Aman and the witty Rahul Dua for a device launch. Their unexpected pairing created undeniable magic. Zeena Aman, with her legendary legacy, unmatched elegance, and renewed cultural relevance through her social media resurgence, brought sophistication, credibility, and a premium aura to the campaign. Complementing her, Rahul Dua infused his trademark sharp, modern humour, making the narrative not just engaging but also highly relatable for today's audiences.

Olay, the global beauty icon, has been a long-time partner in our journey. After four exciting years of collaboration in the past, we won them back this year with our strategic expertise. For the biggest launch of their all-new 7-in-1 range, we brought in top names like creator Kusha Kapila and celebrity Shruti Haasan — blending skincare with entertainment to create a campaign that's as bold and exciting as the product itself.

We've had the privilege of partnering with HP for over four years, collaborating across diverse verticals to execute impactful campaigns. From influencer marketing and TVCs to offline activations and product launches - including the recent launch of the new HP Omnibook AI laptops with Ayushmann and Aparshakti Khurana. The campaign captured the brothers' playful banter, with one using the HP Omnibook and the other a regular laptop - showcasing how life is better with HP.
